Author Workflow for Hindawi Journals

Gold Open Access
Author Workflow – Hindawi Submission

Hindawi journals have a **slightly different workflow for authors**, managed through the system Phenom, as opposed to prior workflows taking place in Wiley’s EEO/submission systems or Wiley Author Services.

As part of their submission workflow, authors will be asked to input all authors on the paper. Please note it is this step that **triggers eligibility**.

This system only allows for **one corresponding author (CA)** to be labelled here. Each author can only add **one affiliation**.

Authors will get **emails** on:
- Submission, acceptance, rejection, or withdrawal of manuscript
- Approval or denial of request
