

Shipment Schedule

Deliveries will be scheduled in a way to balance fairly the intake of medical and general academic collections from the various contributing libraries, taking into account the libraries' readiness to send material and resource commitment in providing item record processing and shipping.

Shipment schedules will be arranged on a fiscal year, quarterly basis by the Director of JLF in coordination with the various contributing libraries, defined as the following:

March 2023 through June 2023

- March 6th (10 pallets) Open
- April 3rd (10 pallets) Texas A&M University College Station
- May 1st (10 pallets) Open
- June 1st(10 pallets) University of Texas San Antonio

The schedule will be “set” 45 days prior to the first shipment for that quarter. If you are a participating library and would like to organize a shipment of items to the facility please contact the Director of the Joint Library Facility, Wyoma vanDuinkerken.
