

## How to add a Twitter Feed in your profile

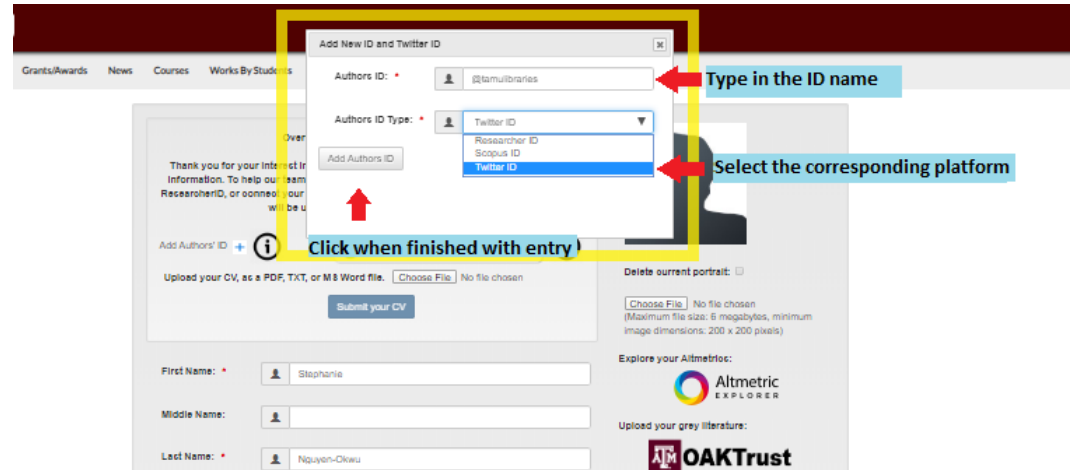

1. Locate the **Author's ID / Twitter ID** section on the bottom right portion of your Scholars profile. Click the plus sign to open up a dialogue window for a new entry

The image shows a screenshot of the Scholars@TAMU profile settings page. The page is divided into several sections for profile information. The 'Author's ID / Twitter ID' section is highlighted with a yellow border. A red circle with a plus sign is overlaid on the right side of this section, with a red arrow pointing to it from the right. The other sections include 'TAMU HR Email', 'Preferred Email', 'Phone', 'Disable Featured Profile Display' (with a checked checkbox), and 'Websites / YouTube Video'.

# SCHOLARS@TAMU

2. Type the ID name into the **Authors ID** text box
  - a. The “@” *must* be included with a Twitter username
    - i. e.g the username “tamulibraries” should be entered in as “@tamulibraries”
3. Select the platform that corresponds to the ID name using the options listed under the **Authors ID Type** dropdown list
  - a. e.g select **Twitter ID** from for a twitter username
4. Click the **Add authors ID** button

5. Verify the entry has been added to your Scholars profile under the **Author's ID / Twitter ID** section
